

# ENAGIC GLOBAL E-FRIENDS

Vol  
259

June  
2022

**Here are two of the most important principles we have lived by and taught in Enagic since day one along with our loyalty, conviction commitment and iron cast focus!**

**“The speed of the team is determined by the speed of its leader.”**

**6A6-4  
Jillina Dafesh**

**&**

**“Consistent effort over time produces results.”**

**6A12-6  
Eli Dafesh**

**“One of the requirements for success is good fortune—or luck. The temptation is to assume that good fortune is quite outside one’s own control. Personally, I think that the things which come into our lives are more than simple coincidence.”**

**Enagic Founder and CEO Hironari Ohshiro**

The above excerpt is from the book *Quenching the Thirst for Global Success*, the Success Story of Hironari Ohshiro. Toshio M. (2015) It is filled with incredible lessons, motivational stories and the actions that were taken to create Enagic. A must-read for distributors, it is available at [www.enagic.com/shop](http://www.enagic.com/shop) Also available in Chinese, Italian, French, Spanish and Japanese! Contact your local branch office for details.

# Message from Mr. Ohshiro

This is a special month at Enagic because we pause and pay tribute to a unique Enagic event. On June 21, we celebrated Enagic's 48th Anniversary with a small ceremony in Okinawa. Here are some of the reasons why Enagic is thriving after all this time.

## 1. Engaged Enagic Independent Distributors

In the past year, two Distributors, 6A13-7 Cynthia Briganti and 6A11-7 Romi Verdera, have achieved -7 rank. This is an amazing testament to their dedication and productivity and a sign that more leaders are poised to rank-up soon!

## 2. Unwavering Commitment to Quality and Craftsmanship

Our company-owned manufacturing facilities in Osaka and Okinawa, Japan, are where we produce Kangen Water® ionizers and the Anespa DX shower unit using superior materials, components, processes and craftsmanship under the guidance of skilled engineers and technicians.

## 3. Kangen Water®

The best alkaline water in the world, antioxidant rich Kangen Water®, is only made by Enagic Kangen Water® ionizers.

## 4. Kangen Ukon®

Ukon supplements, soap, and tea is made from turmeric grown by local farmers in Okinawa according to strict quality and purity standards.

## 5. E8PA (Enagic 8 Prosperity Association)

This must-have membership has amazing benefits including Enagic event and travel reimbursement, tuition reimbursement, points donation to downline, use of E8PA facilities, discounts and more.

## 6. 8-Point Compensation Plan

Anyone who purchases a product can participate in our marketing plan which pays substantial bonus awards to new and veteran distributors alike.

The future will be brilliant beyond compare at Enagic! Keep the momentum going to continuously achieve at least 20,000 units, month after month! Focus on scheduling more meetings, seminars, water demonstrations, phone calls, Zoom calls, events and more. Share Kangen Water® with everyone. Keep moving and maintain a positive attitude because people need your enthusiasm and leadership, especially in challenging times.

Most importantly, keep your bottle of Kangen Water® with you at all times!

*Hironari Ohshiro*  
Enagic Founder and CEO

# Change Your Life Story

## Eli and Jillina Dafesh 6A12-6

6A12-6 Eli Dafesh ranked up to -6 in April, and he is still on a mission to share Kangen Water® with the world. Eli and his wife, 6A6-4 Jillina, live in Westlake Village, California. They have four children and six grandchildren who share their enthusiasm for Enagic.

Eli is a successful entrepreneur who owned three salons from 1975-1998. “In 1995 I was introduced to the industry by one of my hair clients,” he says. “She invited me to see a company presentation at her home. The house was packed. I was so motivated on how I would be rewarded helping others, so I decided at that exact moment I wanted out of the hair and beauty industry.”

They became the founding partners for a NASDAQ-traded company, co-founded a coaching and training company, and Eli is a best selling author, featured in *The Soul of Success, Volume 2* with Jack Canfield. The book highlighted leading entrepreneurs, allowing them to “reveal their core strategies for getting to the heart of health, wealth and success.”

“After Jillina and I saw our first water demo in April 2006 it was like an epiphany,” Eli recalls. “In all of our years in networking I was never so excited.” They first experienced Kangen Water®

at an event featuring Enagic Founder and CEO Hironari Ohshiro aboard the RMS Queen Mary in Long Beach. “I was captivated by the passion and conviction of the man speaking,” Eli says. “Although I could not understand the language, I understood every feeling he expressed. I quickly realized that this man, Hironari Ohshiro, and I were kindred spirits, men that shared a burning desire to succeed and to help others.”

He soon became an Independent Distributor, drawing on past successes to excel in the business. “In other companies, we experienced founders and people who over-promised and under-delivered, who loved money and used people rather than loving people and using money,” Eli says. Enagic’s products and 8-point compensation plan felt different. He invited son Wadia, daughter Tiana, and his sisters to join them, saying, “We had truly found the greatest family legacy business.”

Eli’s prior business successes and struggles have all helped as an Independent Distributor. “My experience has taught me to recognize opportunity and potential, but perhaps even more importantly, it taught me to recognize leadership,” Eli says. “Making a lot of money and driving

expensive cars and wearing flashy clothes and jewelry are not the signs of leadership. Instead, true leadership is often soft spoken and subtle; it somehow finds its way through all the hype.”

“My life, and the life of my family, has been impacted beyond words by working with Mr. Ohshiro,” Eli says. “The incredible products and the unbelievable opportunity of Enagic have created a lifestyle that most cannot even comprehend.” Sure, they’ve built “a beautiful home and all the luxuries that come with financial success,” but he’s referring to “freedom of time,” saying, “If you don’t have time to enjoy the fruits of your labor with those you love, what is the point?”

Eli and Jillina’s purpose as Independent Distributors and team leaders remains clear. “Our goals have always been to create a family legacy, teaching families around the globe our founders’ philosophy to spread social well-being globally,” Eli says, taking “every opportunity we have living the Enagic lifestyle and showcasing that. We have always done that with our distributors who are our Enagic family leaders, always showcasing them at and through our events and spreading the message together united as one!”

**“The Spirit of Enagic is with us daily,” Eli and Jillina wrote in a moving 2010 tribute to Mr. Ohshiro. “It is in every thought we think, and it guides every decision we make. We have embraced this way and our lives have become enriched and meaningful. We are blessed.”**

# India

## Distributor Profile

**Kishan Sakariya**  
**6A2-3**

6A2-3 Kishan Sakariya grew up in Gujarat and currently lives in Rajkot, the fourth largest city in that western Indian state. This longtime entrepreneur already had his hands full, running a construction business, manufacturing bottle caps and operating three interior showrooms that sell everything from bathroom fixtures and accessories to indoor and outdoor furniture, doors and windows, locks, blinds, and luxury mattresses. Despite all his continuing work commitments, Kishan still found Kangen Water® too compelling to ignore as an additional business opportunity.

6A3-3 Mohit Vaghasia and his partner 6A2-2 Hinesh Sakariya introduced Kishan to Enagic, who became convinced of Kangen Water®'s advantages and “found this machine very useful.” Kishan purchased a JrII water ionizer in April 2019 and became an Independent Distributor in May 2020.

Kishan made his first sale to his business partner and brother, 6A2-2 Hitesh Sakariya. From there, he turned to his existing business network. “My past experiences have made good face value for me and created myself as a brand,” Kishan says. “This has helped a lot in achieving my desired rank very fast.”

Kishan has ambitious goals as an Independent Distributor. “I want to achieve 6A2-8 rank by 2025,” he says. “My only target is to develop as many leaders as possible and help all the leaders grow their business.”

To educate and motivate his downline, Kishan conducts several programs: personal counseling, residential training program (RTP), a range of events, weekly team meetings, and motivational sessions.

When he’s not working, Kishan enjoys spending time with family, traveling and watching movies.

# United States Distributor Profile

## Thao McGill 6A2-3

6A2-3 Thao McGill grew up in Vietnam and currently lives in Honolulu, Hawaii. She discovered Kangen Water® through Facebook. “I had heard of Kangen Water® before, but never really put much thought into the water or even anything about the business,” she says. “However, about three years ago a friend of mine, who is an Independent Distributor, re-introduced me to the product... It was an easy decision for me to buy my first machine; the Leveluk K8,” which she purchased at the end of 2018.

Thao and her husband Kelly were enthusiastic about Kangen Water®, and even hosted an Enagic seminar at their restaurant, but didn’t understand the business to the extent that they hoped. To learn more, the couple took a trip to Okinawa on March 17 to coincide with Mr. Ohshiro’s birthday. “There I was so lucky to meet 6A3-6 Dang Nguyen, 6A4-5 Tan Nguyen, and 6A2-3 Nancy Doan,” Thao says. “These leaders were very open about their own success stories and shared a lot of information about the business that would also help me with my decision to become an Independent Distributor.”

“When I met Mr. Ohshiro and visited his family home, I was overwhelmed with a sense of love and respect,” Thao says. “I felt Mr. Ohshiro’s passion and I wanted to do my own work to share this amazing water with people all over the world.” She was also encouraged by Enagic’s patented 8-point compensation plan and potential financial benefits. After returning to the United States, Thao took a trip to California to train with Dang at his house and then became an Independent Distributor. She made sales to friends 6A3 Yến Cao and 6A2-3 Lee Meadows, and then she was off and running in her new career.

During the pandemic, Thao only increased her commitment to sharing Kangen Water® and to her team, who were stressed from losing their jobs. “I decided to take action and focus training my team on Zoom and working on prospects,” Thao says. “We decided to open our first office showroom in Honolulu where I can train and do the demos back to back.

That's how we expanded our team in Hawaii."

Thao's upbringing in Danang and Saigon, Vietnam, clearly helped to build her entrepreneurial spirit. "It was hard times in Vietnam and we were working really hard just to make ends meet," she says. "Everyone was devoted to working and supporting the family. I was the baby in the family of 7, and was tasked with helping everyone with their own business. I had to juggle school and work for so many years."

Thao and Kelly are also both longtime business owners in Hawaii. She ran three stores while her husband was operating two restaurants, including Tiki's Grill & Bar in Honolulu, which is still in business. "Our businesses have always been successful, but we spent so much time, money and energy in building our businesses, that the returns did not always outweigh the effort," Thao says.

Learning from previous business efforts has helped Thao succeed as an Independent Distributor and allowed her team to navigate different situations. "I can teach my team how to handle adversity with strength, commitment, and passion," she says. Years of customer service have also helped her team.

Thao's personal goal is to rank up to 6A2-4 by the end of 2022. "I also want to put a lot of focus and

effort on training and developing more of my leaders to become 6A, 6A2, and 6A2-2," she says. "This involves me putting a special focus on the other islands and communities in Hawaii."

Hawaii is uniquely positioned geographically and in people's minds." We have a great mix of cultures, societies, and business ideas," Thao says. "Everyone from around the world knows something about Hawaii, whether through TV, travel, or tourism. We in Hawaii are a sharing society. And I want to take advantage of the popularity of Hawaii and its connection to the rest of the world, to help spread the word about Enagic. In 2022 my Hawaii team achieved 4% of the total market share of the growth of Enagic. I feel our location in Hawaii, and the team we have developed in Hawaii will make 5% or 6% market share possible in the next year or two."

She'll continue to utilize Zoom, team gatherings and retreats, and positive reinforcement to share success stories and strategies. "The landscape

of network marketing changes often and my job is to keep my team motivated and educated," Thao says. "The success of my team will lead to the accomplishment of my own personal goals. We will all win."

# Iraq Distributor Profile

## Halkawt Marwan Marwan 1A

The United Arab Emirates may have the largest number of Independent Distributors in the Middle East, but other nations in the region are also beginning to share Kangen Water®. For example, 1A Halkawt Marwan Marwan grew up in Erbil, Iraq. He recently made a major commitment to Kangen Water® by becoming an Independent Distributor and opening a Kangen Water® shop in his hometown in May.

Halkawt learned about Kangen Water® from 1A Hamdad Marwan and Halima Marwan. He was impressed by what he saw and experienced and bought a Leveluk K8 water ionizer last year. “I believe in this product, because it helps me,” he says, “I want to help other people too.”

Halkawt previously imported and exported vehicles for a living. “That experience helped to understand the style,” he says, referring to sales. He first sold Kangen Water® ionizers to his mother and sister.

Halkawt hopes to make a big impact on his country as an Independent Distributor. He says, “My goals are to boost my store in Iraq and to reach more homes, so that my countrymen and countrywomen have a better quality of life with Kangen Water®.”

# IMPORTANCE OF CHANGING

# Enagic® FILTERS

Kangen Water® ionizer filters should be replaced every **6000L / 1500 gal** of use.

=

approximately **6 months** to **1 year**

depending on the amount of water used and the quality of the water source.

when 6000L / 1500 gal are used, Leveluk series machine will notify users

When ignored and filter is unchanged...

- 1 water pH level may be affected
- 2 water might contain **chlorine & substances** less suitable for drinking

Filtration quality drops significantly after lifespan of filter has passed.

Change the filter for the best quality of water.

## Buy original Enagic filters

Guaranteed to remove chlorine, rust, lead, & odors. Passes beneficial minerals.

Use of off-brand filters can lead to machine damage and voiding of the warranty.

## ENAGIC LEVELUK SERIES HIGH GRADE FILTERS [ANATOMY]

chemical formula

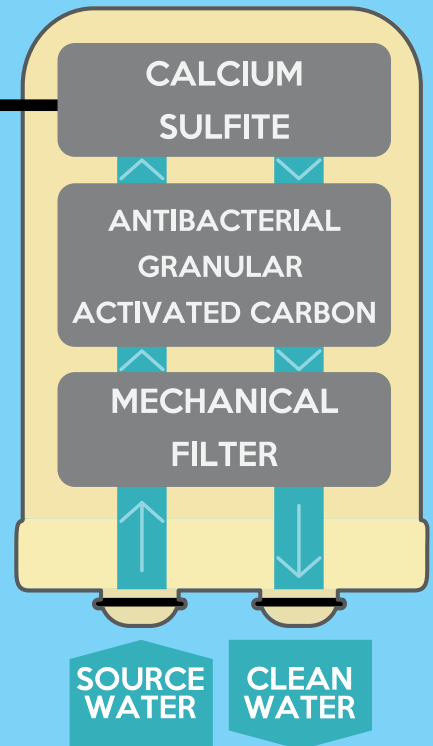

Removes chlorine, odor & unpleasant taste

Enagic Leveluk series high grade filter storage life = **5 years**

Store in a dry, cool place

Prepare extra filters for easy & speedy replacement.

# Italian Independent Distributor Features Kangen Water® in Her Fermentations

Valeria Pastorelli was born and raised in Rome, where she's an Independent Distributor who specializes in fermentation, a culinary craft that noticeably improved once she started using Kangen Water® last year.

Valeria graduated with a degree in Garden Design from Facoltà di Architettura at Sapienza Università di Roma, but soon felt a need to change her career path. She dedicated herself to “food and ethics,” cooking, and organizing events and workshops. “I have always been attracted to art since I was a child,” she says. “I changed my diet to the plant world, applying the art in the kitchen and later in the world of fermentation.”

She taught herself fermentation principles by reading books like *The Art of Fermentation* by Sandor Ellis Katz. “I began to approach fermentation 5 years ago by studying one of the techniques of raw food cooking and starting to experiment,” Valeria says. “I realized that a fundamental element for my studies was missing: water. Especially good water.” She was “intrigued by the extraordinary characteristics” in Kangen Water® and bought a Leveluk K8 water ionizer to start 2021,” which impacted her fermentation.

“I have had remarkable results in all my fermented preparations: from lacto-fermented vegetables, to fermented drinks such as water kefir and kombucha, to fermented cheeses,” Valeria says. “I also had excellent results in baking and sprouting.” She noticed “greater stability and final yield” with Kangen Water® and prefers the flavor versus standard water. She documents fermentation and cooking on her blog, her “Trasform-Azione - il VegLab di Vale” Facebook page and @il\_veglab\_di\_vale Instagram page.

When she’s not working as an Independent Distributor, people can often find Valeria in the kitchen cooking, creating recipes, and having fun. “It’s one of the simplest and most rewarding activities there is for me,” she says. Valeria also hosts courses on fermenting drinks like water kefir and kombucha with Kangen Water®. Her repertoire extends to sauerkraut, miso fermented tofu, sprouted lentil cream, and cashew Camembert.

“Listening to my favorite music is also a way to distract me and disconnect from thoughts,” Valeria says. “I attend events such as fairs and flea markets. Walking without a precise destination, exploring new places or simply getting lost in the streets of your own city is a great help to relax your body and mind. Also reading a good book and practicing yoga.” All of these efforts are part of her quest for “personal growth.”

## Hong Kong-Based Independent Distributor Runs Across the U.S. For Charity

An ultramarathon is a running race that exceeds a marathon’s standard 26.2 mile (or 42.195 kilometer) distance and tests the limits of human endurance. For Hong Kong-based Independent Distributor 2A Wong Chun Kiu, an ultramarathon is just a warm-up. This accomplished runner is participating in Trans Americana 2022, which begins June 20 in Los Angeles, finishes in New York City, and is expected to take about 3,350 miles (5,400 kilometers) and four months to complete.

6A3-5 Eric Wong and his Amazing Team are sponsoring Kiu, who hopes to raise \$128,000 (approximately HK\$1,000,000) for the Hong Kong Network for the Promotion of Inclusive Society, a non-profit that aims “to facilitate equal participation of people with disabilities in the community and promote the integration between the able-bodied and handicapped people.”

“I am very grateful to meet my mentor and the founder of Amazing Team 6A3-5 Eric Wong,” Kiu says. “He introduced Kangen Water® to me, patiently taught all kinds of knowledge and wisdom about drinking water, opened my potential, and selflessly sponsored me for this Trans Americana charity run across the United States.”

Kiu plans to establish a Kangen Worldwide Running Team to promote Kangen Water®, which he credits with aiding recovery after his rigorous long-distance endurance runs. “Water is the source of life,” he says. “I hope I can raise awareness of how water affects our health.”

After completing Trans Americana 2022, Kiu plans to publish a book about his experiences. “I would like to share this beautiful world with everyone,” Kiu says. He also hopes to motivate other Independent Distributors “to create bigger dreams.”

Not for drinking. This slightly acidic water is recognized for its astringent effects. It's terrific to use for gentle cleaning and beauty care.

• BENEFITS OF •  
**BEAUTY  
WATER**  
**pH 4.0-6.0**

**NOT FOR  
DRINKING**

Usage:  
face wash, hair care,  
pet care, polishing,  
cleaning, and  
preserving frozen  
food.

## FACE WASH

The astringent properties of Acidic water are effective in toning and firming your skin. Pat the skin and leave to dry. This water is also excellent as a toner after shaving.

## HAIR CARE

Use this water instead of conditioner after shampooing. Reduces annoying tangles and brings out a radiant shine. Keep in a spray bottle and spray your hair and face when you're out and about.

## CLEANING

Remove dirt from hardwood floors, ceramic tiles etc. without leaving a sticky residue.

## PET CARE

Spray your pet with this water and brush afterwards to obtain soft and shiny fur.

## FROZEN FOOD

Spray foods with Acidic Water when freezing so that the food, including fish and shrimp, do not lose its flavor when thawed out.

## POLISHING

Polish mirrors, eyeglasses, glass objects, and windows to a high sheen.

# Stories of Success

**Remain Open to New Opportunities and Make Dreams Come True**

In 1988, a seminar on Kangen Water® and its health benefits was held in Tokyo by a medical professor. An acquaintance recommended that they go along and listen, so Ohshiro agreed, reluctantly, to accompany him. At first, Ohshiro was skeptical—whatever this “Kangen Water®” that the professor was talking about, surely water was just water, you drank as much as you needed, and that was it. As the seminar progressed, however, Ohshiro began to realize that Kangen Water® was more.

People say that life is about who you meet. In Ohshiro’s case, his whole direction in life was turned upside down and about face by a seminar that he hadn’t even wanted to go to. It was the opportunity that would make his dream of success in Tokyo come true. When you look at the process behind his success, it becomes harder to dismiss that success as the “magic of dreams”, or “destiny” or even “mere coincidence”.

Above is an excerpt from the book *Quenching the Thirst for Global Success, the Success Story of Hironari Ohshiro*. Toshio M. (2015)

It is filled with incredible lessons, motivational stories and the actions that were taken to create Enagic. A must-read for distributors, it is available at

 [www.enagic.com/shop](http://www.enagic.com/shop)

Also available in Chinese, Italian, French, Spanish and Japanese!
