

ENAGIC GLOBAL E-FRIENDS

Vol
265

Dec
2022

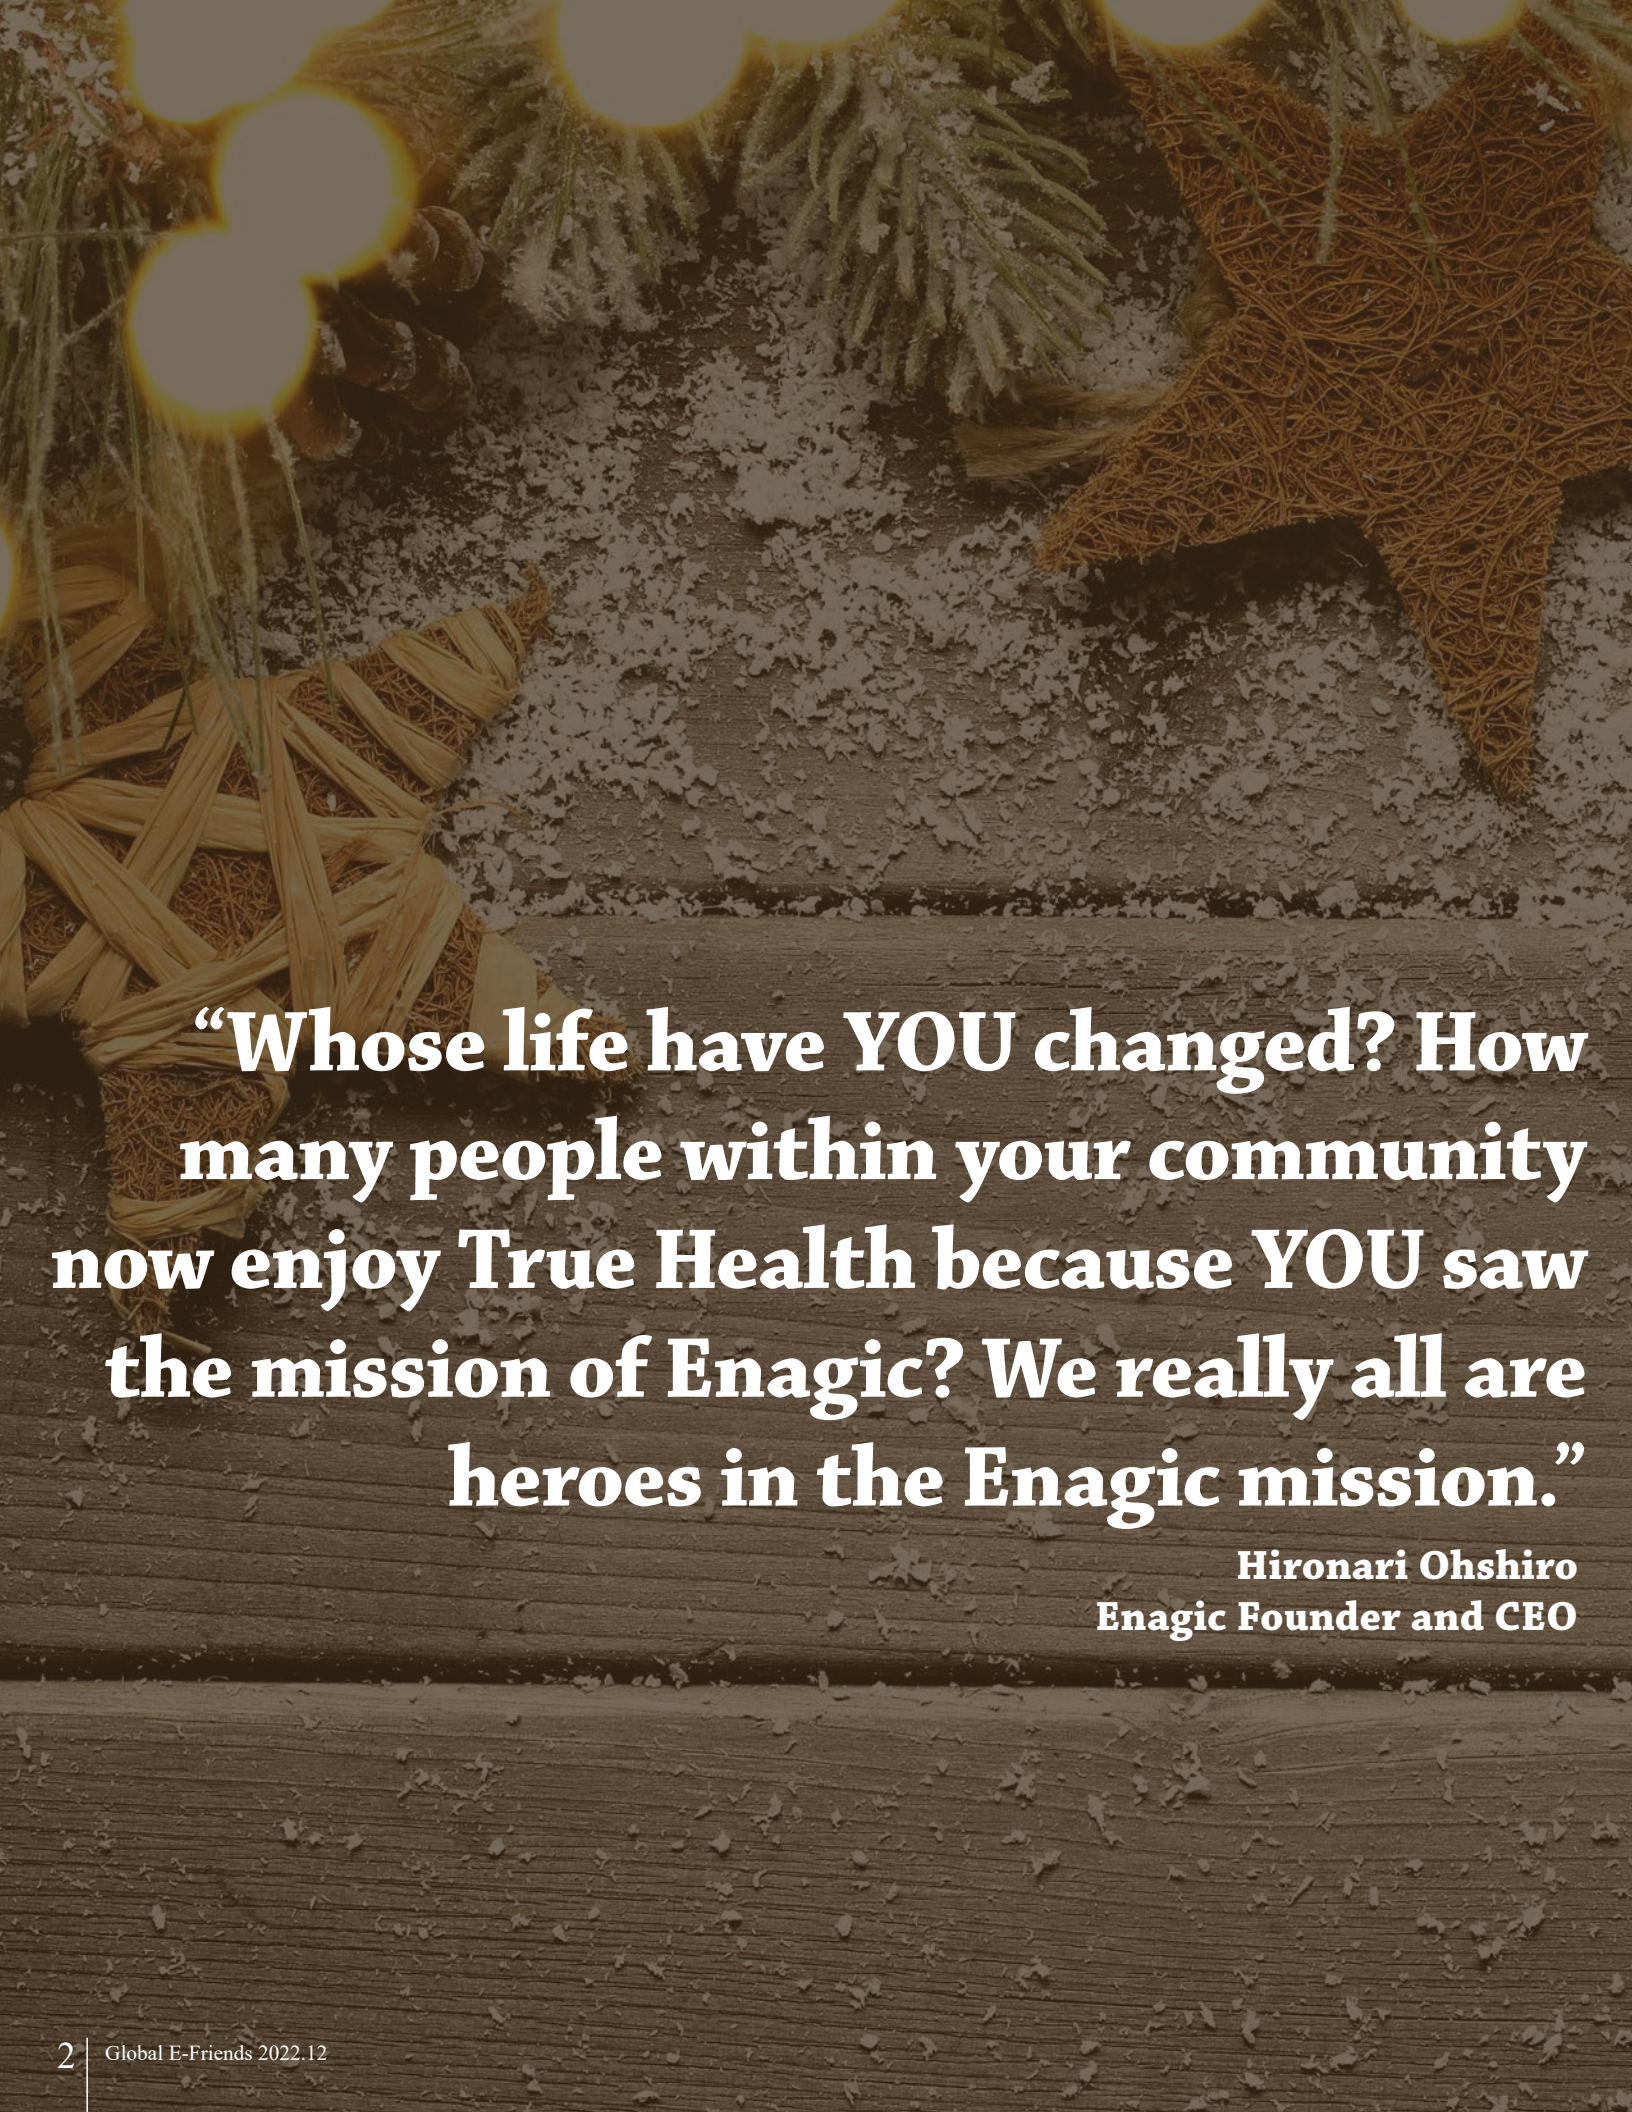

Seasons Greetings from Enagic!

Celebrate Team Success and Plan for More
Prosperity in 2023!

Mr. and Mrs.
Hironari Ohshiro

“Whose life have YOU changed? How many people within your community now enjoy True Health because YOU saw the mission of Enagic? We really all are heroes in the Enagic mission.”

**Hironari Ohshiro
Enagic Founder and CEO**

Message from Mr. Ohshiro

We're Ready for 2023, the Year to Get Results

Dear Enagic Independent Distributors,

We made tremendous strides in 2022, creating unprecedented growth. As Independent Distributors continue to demonstrate, we're not in a holding pattern or waiting for opportunities to present themselves. We take action and lead by example.

Teams across the globe consistently share Kangen Water® and drive sales by sticking to fundamentals and working hard every day. We now have 1% market penetration in U.S. states like California and Washington, 4% in Hawaii, and 6% in Okinawa, where my home and the E8PA Headquarters are located. We should be proud of all we achieved in 2022. Just know that we have more great things to accomplish and savor in the new year.

2023 is your year of personal and business transformation. Every conversation and interaction is the beginning of a new sale, or partnership, and the next potential step to growing your business. 2023 is the year to...

- ... turn the tide.
- ... turn potential into results.
- ... turn conversations into sales.
- ... turn friends into colleagues.
- ... turn prospects into customers.
- ... turn customers into team members.
- ... turn team members into leaders.

No more excuses. No more waiting. Time for results. You are ready. Your customers are ready. Your team is ready. The world is ready.

Go make it happen and drink Kangen Water® every step of the way!

Hironari Ohshiro
Enagic Founder and CEO

Enagic Seattle Events Help Fuel Market Expansion

Thanks to perseverance from Independent Distributors, Enagic now has unprecedented market penetration globally and in the U.S. At least 1 out of every 100 households has a Kangen Water® ionizer in three states: California, Washington, and Hawaii. Only Okinawa at 6% market share exceeds Hawaii, which is at 4%. However, Washington is coming on strong at over 1%.

The most Washington sales take place in the metro Seattle area. Their commitment to in-person events is a key reason for Enagic Seattle's growth. The local branch office typically hosts 1-3 trainings, presentations and parties per month. Here are recent and upcoming highlights.

- October 31: Halloween Enagic Seattle Branch Event Hosted by Enagic Corporate staff Hiroko and Jessica
- November 5 & 19: Water demo and Business Presentation Presented by Wendy Chen - (Pictured at right)
- November 26: GWS Training and Q&A with WA corporate staff Hiroko and Jessica
- December 3: Road Map To Success Presented Siha Top And Sam Tran
- December 17: WA branch Holiday Party/ Water Presentation and 6A Meeting
- December 31: Bringing in the New year Party and Water Demo Presentation

Check your KangenEvents.com calendar for upcoming events in Seattle and your community.

Canada

Distributor Profile

Mildred delos Santos

6A2-3

In 2004, 6A2-3 Mildred delos Santos and her husband Epi (6A2-2) decided to relocate from the Philippines to Canada, determined to try their luck overseas with their two kids. “Like everyone else, we thought that the North American Dream is easy,” she says. “We were wrong.”

“Life was tough,” Mildred says. “We barely made it day by day.” The comfortable lifestyle they were accustomed to in the Philippines was no longer in view. “I worked three jobs on top of my nursing school and barely saw my kids,” she recalls. Epi also worked hard to make ends meet.

“I cried night and day begging God to show me a way to better our life here in Canada,” Mildred says.

“Then a sponsored ad passed by my Facebook wall. I was hesitant because we were financially tight, but after doing my due diligence about Enagic I was convinced that this is the opportunity I have been waiting for.”

Mildred got a loan and “took the leap of faith,” buying a Kangen Water® machine and becoming an Independent Distributor. “I am an introvert and definitely not tech savvy, but I was determined to reach my goal,” she says. “I worked hard night and day, built a team of leaders and kept the same determination and consistency from day one. Three and half years later here I am sharing with you how this wonderful company has changed my life and the lives of so many.”

“My husband and I both quit our jobs and now do this full-time.” Independent Distribution has been rewarding in many ways. For instance, this opportunity allowed Mildred and Epi to become homeowners and take their entire family on an extended vacation in the Philippines. “My siblings are now part of the business,” Mildred adds. “I also now have the ability to sponsor my entire family to come to Canada without financial worry.” They’ve restored quality of life.

“To my entire team, thank you is an understatement for all your trust, efforts and support,” Mildred says. She’s particularly grateful to mentors and Dream Team founders, 6A2-4 Mike Dreher and 6A2-5 Darren Ewert, and to Enagic Founder and CEO Hironari Ohshiro who’s worked to “change peoples lives.” She says, “Teamwork is indeed the key to success.” With that in mind, she looks forward to helping more team members achieve a 6A2-3 rank in the future.

Philippines Distributor Profile

Raymond Reyes

6A3-3

Growing up in Mindanao, 6A3-3 Raymond Reyes and his family had limited resources and shared a “common house” with other families on the second largest Philippine island. “My family was just getting by,” Raymond recalls, but his childhood had a silver lining. “I saw how loving my mom and dad were and we were brought up to always be family oriented. However I know I want a better life for my family. Better finances to get to go where I want, do what I want, and give all the best for my family. Dreaming that one day, I can be both that loving man and a financially free man, I set myself up to be courageous. My perseverance and determination has gotten me to a place I have always dreamt before.”

In 2012, Raymond's cousin, 6A2-3 Kristofferson Elma, introduced him to Kangen Water®. "At first I was very skeptical," he recalls. "When I first saw the demo, I really thought it was just a 'magic trick.'" However, drinking more Kangen Water® and researching the water and Enagic's patented 8-point compensation plan, Raymond grew convinced that becoming an Independent Distributor made sense.

At that time, he didn't have the finances to buy a water ionizer for his family, so he started by borrowing his uncle's Kangen Water® machine to collect water for the week. In 2013, his uncle lent him money to put a down payment on his first Kangen Water® machine and Raymond committed full-time.

Raymond's first sale was a SD501 to a friend's family and he built the business from there. "When I became a 4A Distributor, I started my own training programs to train my team members," he says. "I have been blessed to be enclosed to the world's top leaders and kept learning from them every time I had the opportunity. I am blessed to have direct access to 6A14-7 Cynthia Briganti, 6A9-6 Jayvee Pacifico, 6A4-5 Bernard Chan, 6A7-6 Sam Sia

and 6A3-5 Gary Gan," to name just five standout performers.

Raymond majored in Nursing at San Pedro College in Davao City, Philippines, before becoming a nurse. "I used to work as a Nurse Supervisor, handling 3 different departments in an Operation Room Theater," he says, listing the Operating Room (OR), Delivery Room (DR), and Neonatal Intensive Care Unit (NICU). "Because of that, I know how important it is to value health, to value life," he says. "The training, discipline and growth with a lot of pressure inside the operating theater gave me enough experiences to fuel myself for doing Enagic." In different ways, Raymond finds Independent Distribution just as exhilarating. "Living the life I've been dreaming of is what wakes me up and gets me obsessed and excited," he says.

Raymond maintains two primary objectives as a passionate Independent Distributor:

1. Making Enagic's Kangen Water® systems be the “best product and best known product in the world”
2. “Enagic business as the best wealth opportunity and the best known wealth opportunity to free up people, the business of freedom through realizing True Health one family at a time.”

To make this possible, he continues to pursue “personal growth and mastery, business training and coaching-mentorship to the individuals I meet along the way,” he says. Communication with his downline is central to his vision and mission, vital to his team's success, and focuses on 5 pillars:

1. Leading by example is my first key. I cannot preach something I do not do in my life.
2. I always make sure they feel that “I believe in them.” There will be times people don't believe in them, but my certainty is to let them see their own personal power fuel them to be better every day.
3. I always share with them a clearer picture of what is available for them to achieve in life. Always sharing what is possible for all of us.
4. I anchor everyone to the bigger purpose of their deepest “whys”... The abundance and affluence of life that we all deserve.
5. Showing up in the marketplace everyday and not quitting.

To stay inspired and to recharge, Raymond loves traveling to “abundant places” he's never visited. “I also watch motivational and inspirational videos,” he says. “They keep me driven.”

“I am forever grateful to Mr. and Mrs. Ohshiro,” Raymond says. “The best way I know to give back such kindness and generosity is to do the same for others.” That generosity benefits his downline and community, including Kangen Water® machine donations to charity. “I am excited to help more individuals to experience the same life changes or even blessing them with better heights of achievements.”

United States Distributor Profile

Ahysa Dos Santos 6A

6A Ahysa Dos Santos was born in Chamonix Mont-Blanc, a small town in the French Alps, and has lived in Orlando, Florida, since 2010. She's come a long way both geographically and in her career, and Independent Distribution has played a key role in her recent development.

She discovered Enagic on Instagram through 6A Ciara McCormack's feed and became inspired. "I loved how Ciara was living an abundant freedom lifestyle while making an impact and helping people," Ahysa says. "I've always felt part of something way bigger, and I'd always wanted to help people, physically, mentally, and financially. I just didn't know where to start." Enter Enagic.

Ahysa is still relatively new to Independent Distribution, but she already has many memorable moments. "I will never forget my first sale, 1A Samantha Hughes," she says. "If you asked me at the time, who I think would be the first person to say YES to Enagic, I never would have thought she'd be the first person, but she did and it's been an honor to witness Kangen Water® change her life. That YES changed my life too and it started a beautiful ripple effect."

Ahyssa has already turned that ripple into a wave that is continuously growing. Her long term goal is to reach 6A-8 and help everyone on the team to get to 6A and beyond. “We will help hundreds of thousands and then millions of people together all around the globe experience True Health through the amazing benefits of Kangen Water® machines, Anespa, and Ukon.”

Ahyssa hasn’t succeeded on her own. Independent Distribution is a team effort and requires constant coordination. “The foundation is honesty and integrity,” she says. “Our team is all over the country and Canada so we communicate a lot through team Zoom calls and we

do at least one team meeting per week in-person in Orlando. Thanks to my uplines 6A2 Chris Allen, Ciara and 6A Chelsea Patil, we also have a training platform which is like a mini academy with videos and resources, everything you need to be successful in this business.”

Ahyssa previously earned a Bachelor in Psychology degree from the University of Central Florida before working in a range of different jobs. “Learning ways to help people has always been a driving force in my life,” says Ahyssa, who credits the values her parents instilled from a young age with helping the most on her Enagic journey. “They taught us about the importance of hard work and discipline, and always leading with a compassionate and kind heart,” she says.

Being an Independent Distributor has made a big impact on Ahyssa’s mindset. She’s grateful for the opportunity and is paying it forward. “Thanks to Enagic for inspiring me to dream big again at a time when I had almost given up on my dreams,” she says. “We are launching our nonprofit to serve even more people in the local communities of Florida first and then soon Africa where we will be bringing resources and clean water for places where they don’t even have running water or power to have Kangen Water® machines.”

Being an Independent Distributor has also led to success in Ahyssa’s personal life. “Thanks to Enagic I found my true love, 3A Musta’fa Fowler. We just got engaged and now build the movement together,” she says. “From booking tours across the country, and appearing on several different TV channels, and radio shows to share the good news, trust me we are just getting started.”

India Distributor Profile

S B Nagori
6A2-3

6A2-3 S B Nagori was born in Udaipur, Rajasthan, and continues to live in this scenic, lake-filled Indian city that's known as the "Venice of the East." He previously earned a living in part by training direct selling companies and he learned about Enagic in 2019 after 6A2-2 Hemraj Ji called to have S B train his team.

During this eye-opening experience, 6A2-4 Nageshwar Shukla Ji provided a Kangen Water® demonstration and helped to explain Enagic's patented 8-point compensation plan, which further impressed S B.

S B is a businessman who has 17 years of experience with direct sales and training, so becoming an Independent Distributor was a natural progression. He made his first two sales to colleagues, 6A2-2 Jignesh Pavani and 6A2-2 Lakhan Chaudhary, who he now considers "the super star leaders of our team." Together, they've built a strong team.

They've made great progress, but S B has only scratched the surface with what's possible in

India and beyond. "Everyone knows that India is a very big country so we made 4 zones for future development," he says. "Simultaneously we are developing overseas as well."

To communicate with their downline, S B and top leaders created their own education system and name: Team Victory Global. Most online activities center on Zoom meetings. Offline, they continue to make four key monthly efforts to connect and motivate each other.

- 3-hour ACP (Achiever Celebration Program)
- 1-day DTP (Distributor Training Program)
- 2-day RVDP (Residential Vision development Program)
- 3-day RTP (Residential Training Program)

Building a global business takes hard work, but S B does reserve some time to relax. “I like to travel with family and friends,” he says. As an Independent Distributor and In his spare time with the people who are important in his life, any destination is possible.

Energize your Enagic Independent Distributorship, and generate more team momentum, by participating in one of the exciting global sales contests happening right now!

Monthly 6A Group Sales Contest

For 6A Distributors based on group sales for the entire month. Distributor leaders who motivate and support their teams to rank up and close more sales can win a bonus prize!
